Stipend Disbursement Management System

The software comprises two mobile-based applications and a web-based application.

Web- Based Application

The Web-based app will be used by LGSETA staff, Contracting Parties, SDPs, and Hosts.

Mobile-based App (Beneficiary App)

There are two mobile-based apps that will be used by SDPs, Hosts, and Beneficiaries. The first app will be used by the beneficiaries.

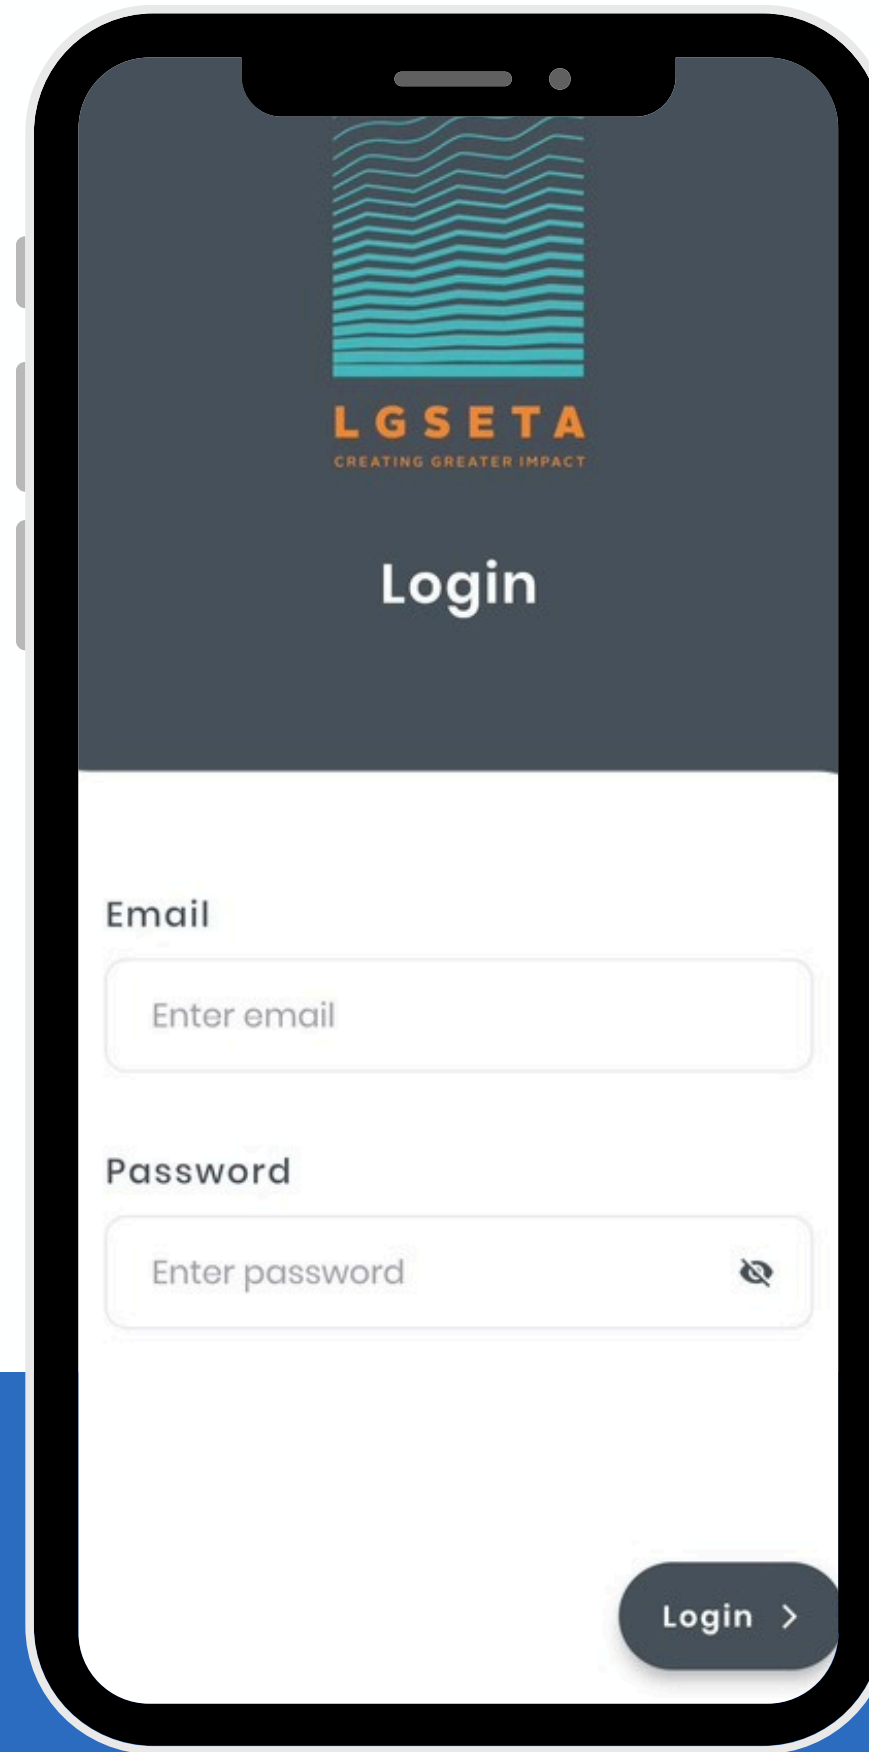

Mobile-Based Application (Scan App)

The second app is the scanning app. This will be used by authorised personnel to clock in beneficiaries that do not have a mobile device or those who have a device that lacks the required technological capabilities.
